

It's OK (Please Just Say): Song and Video Project

Step 3

1. Learn to Sing the Song

Sing out loud, if appropriate, or internalise the words. Allow any ukulele players to join in, repeating several times to boost confidence.

2. Signed Song

If you completed the entire song last time, rehearse this all the way through. Otherwise focus on the sections you have left to complete before signing the song all the way through.

3. Hands Activity

Ask each student to draw around their hand on individual pieces of paper. On one side they should write words or phrases of things that make them happy – it might be seeing their friends or play time etc. On the other side of their paper they should write words or phrases of things that make other people happy. They might want to give specific examples such as 'things that make my dad happy'.

Working in pairs and using their puppets, they should try saying the words or phrases in a variety of voices; firstly using those that make them happy and then those that make others happy.

Ask for volunteers to demonstrate to the rest of the class. Do you think there are things that make the student themselves, or someone else, happy?
